Stock Market Game presentation and FAQ

The Stock Market Game is available only through a course or specific event being hosted by SOM.

Information

Please click here for the Stock Market Game Powerpoint Presentation Notes
Go to cmi2.yale.edu/smg. You’ll be presented with the GAS login.

After you login, you’ll see the screen above. Click ‘Join Game’.

NOTE: The ‘Join Game’ button will be grayed-out until the game has begun.

Use wireless network YaleSecure, not YaleGuest.

The second tab is the ‘Research’ area. You can purchase picks (Private Information) info about the company’s actual value, as well as see all market transactions (Market Log) and public information (Public Information).

As the game concludes, you will be taken to the final valuation screen. There, you will be presented with each company’s liquidation values, as well as your calculated cash, net worth, and return. A complete list of players will be shown sorted by their final ranking. Your row will be highlighted.

Click the ‘Export CSV’ button to download an Excel compatible CSV file prepopulated with the full game data. You can access the valuation screen for any of the games that you have participated in by revisiting cmi2.yale.edu/smg and clicking the ‘Previous Games’ link.
