Data Governance and the Research Committee

Summary
The SOM Research Committee governs the data brought into the SOM environment to ensure it is beneficial to the entire SOM community if appropriate. SOM IT participates in the Research Committee acting as an adviser and as the liaison to the data providers as a steward of the data to ensure it is accessible.

Features
- Reviews initial requests for data sets
- Ensures all requests meet Yale’s contractual obligation to be reviewed by the Office of General Counsel (OGC)
- Manages the Research Data budget
- Manages the renewal process for data sets

Who can use it?
The Research Committee was formed as a data governance body by SOM IT.

How much does it cost?
There is no charge to submit a request to the Research Committee. The Committee will determine if any part, or all of the data subscription will be covered by the central budget for research data.

How do I get it?
Read the article on how to Request New Research Data.

Related Policy and Procedures
- Research Committee Charter is documented here.
- All users of Yale University computing and networking facilities are expected to read and abide by the Information Technology Appropriate Use Policy. For additional information, please familiarize yourself with the Policies and Procedures related to HIPAA Security.
