Warpwire

Summary
Warpwire makes video organizing, sharing, and analytics simple. This also integrates with our Learning Management System (LMS) Canvas. Warpwire is secure, and provides a platform that helps educators and their students connect through video content.

Features
- Ability to store and organize video
- Share video through Canvas
- Allows for organized collections
- Provides analytics

Who can use it?
The entire SOM community can use Warpwire in conjunction with teaching, learning and events.

How much does it cost?
This service is available at no charge to the Yale School of Management community.

How do I get it?
You can access Warpwire by going to media.som.yale.edu or if you are looking for content which is part of a course you can log in to Canvas, navigate to the course of your choice, and click “Course Videos”.

Related Policy and Procedures
- All users of Yale University computing and networking facilities are expected to read and abide by the Information Technology Appropriate Use Policy. For additional information, please familiarize yourself with the Policies and Procedures related to HiPAA Security.
