Start CrashPlan Backup - Mac

If CrashPlan hasn't been started on your computer, you can begin backing up by:

1. Open Finder
2. Navigate to Apps folder
3. Launch CrashPlan
4. Choose Existing Account Radio button
5. Username: Yale NetID. You do not need Yale\ for this
7. PROe Server address: cryo.som.yale.edu:4282
8. Sign in
9. Next to CrashPlan PRO Server click Start Backup
