Capital IQ

Summary
Capital IQ is a market intelligence platform that provides research, data, and analysis on companies. It is used in the fields of corporate finance, investment banking, and more.

Features
- The S&P Capital IQ platform combines deep and broad global financial intelligence with an array of tools for analysis, ideation, and efficiency
- Deep company and industry research
- Monitor companies and markets
- Identify and leverage key relationships

Who can use it?
All School of Management MBA students are given access to Capital IQ for the academic year. Students involved in summer courses or research and recently graduated students who are searching for jobs can request access on a month-to-month basis. Faculty, staff, EMBA, PHD, and MAM students can also be given access upon request.

How much does it cost?
Capital IQ is provided at no cost to the SOM Community.

How do I get it?
Capital IQ must be accessed through the SOM-specific URL: http://tools.som.yale.edu/capitaliq and cannot be accessed directly from the Capital IQ website. Capital IQ must be accessed only from Yale IP addresses. If you are off campus you must use Yale VPN Off Campus Access. If you do not use VPN while off campus you risk your account being shut down. Contact somit@yale.edu for summer and recent alum access requests or for troubleshooting.

Policy and Procedures
- Access only through Yale IP addresses.
- Use of data from Capital IQ cannot be shared with someone from another university or used at another university.
