The reunion pledge form is a Salesforce form that allows alumni to pledge a multi-year gift to SOM and designate it for a specific cause. These instructions are intended for the staff who are processing the submitted forms.

The reunion gift form is available on the SOM web site at <insert link here>. Once the alumni submits their form, the following actions are taken:

1. The alumni who submits the form receives an eMail confirmation containing all the data from the form.
2. The form stores the data in Salesforce in an object called the Reunion Gifts.
3. In addition to the fields collected in the form, the Reunion gift "record" contains some additional fields allowing for the management and processing of the records.
4. Reunion Pledge Gift managers must have access to Salesforce in order to access the records.

Step-by-step guide to managing the incoming records

1. Login using your salesforce name (usually your eMail address and a selected password) to salesforce by navigating to https://yale-som.lightning.force.com/
2. Once you are logged in, you will be at the Salesforce home screen.

3. In order to navigate to the Reunion Gifts area click the Salesforce Application picker in the top left corner
4. From the list of Salesforce Applications select Alumni Relations and you will navigate to the set of tools and objects for this group of programs
5. The Reunion Gift object is available from the top Salesforce navigation menu

6. When you click on the Reunion Gifts menu a list of the gifts will appear in the order they were submitted. Columns can be sorted simply by clicking the title, and it will toggle between ascending and descending order
7. To view an individual record, click on the arrow to the right of the row and select **Edit**
