Canvas: Video Access

Summary

Courses at Yale SOM are hosted on Canvas, a learning management system (LMS) supported by Yale University, SOM and the Center for Teaching and Learning. Use this article for the current recommended method to publish course-related videos.

Information

Non-SOM students or guest accounts cannot view videos that are linked to the Portal because they do not have access, this is intentional.

Video's should be published in Course Videos when ever possible because Course Videos are linked to Warpwire.

Guest accounts can be made in Warpwire for Non-SOM students which will enable them to view videos published in Canvas in Course Videos.
