Canvas: Removing Students From Courses

Summary
Courses at Yale SOM are hosted on Canvas, a learning management system (LMS) supported by Yale University, SOM and the Center for Teaching and Learning. Use this article to learn the appropriate process for removing students from a course in Canvas.

Information
All removal requests should be referred to AASL.
A student may still show as being in a course when dropped from Banner because an Auction is still open and the auction data gets fed into Canvas.
