Connecting Mac OS to Yale Secure

Use this article to connect a Mac to the Yale Secure wifi network

Step-by-step guide

1. How to Connect to the YaleSecure Wireless Network in Mac OS

   1. Click the wireless icon in the Apple menu bar, and then select YaleSecure

   ![Screen shot of Apple menu bar with YaleSecure selected](image1)

   2. Enter the User Name in the form of yale\YourYaleNetID (example: yale\abc12) and enter your Yale NetID password. Be sure that Remember this network is checked, and then click Join.
