Mapping Departmental Shared Drives (Mac)

This page is used to configure Shared Drives on Mac computers.

Step-by-step guide

1. Open Finder.
2. Click "Go" on the Menu Bar then click Connect to Server.

3. Type smb://bass.som.yale.edu
   a. You can also add the full address if you know it. IE: smb://bass.som.yale.edu/FacultySupport
   b. Click Connect.

4. When you click connect, this may appear for you to Connect to continue.

5. A login screen appears, type in your:
   a. Name: yale\Your NetID
b. Password: Your NetID Password
c. Click **Connect**

6. Scroll through the bass drive and find your folder then click **OK**.

**If your Mapped Network Drive is not Visible on the Mac Desktop**

It's possible that the mounted drive will not appear on the desktop due to a system setting. If you want the mapped drive icon to be visible on the Desktop, be sure to do the following additional steps:

1. From the Finder, open Finder Preferences.
2. Click the General tab then check the checkbox next to ‘Connected Servers’.

3. Close Finder Preferences.
4. Locate your Connected Server on your Desktop.
